Big Dinner Killed Him.

From the New York World.
Joseph Sheehy, twenty-four, a laborer with no home, walked into the West One Hundredth and Fourth street station yesterday morning and asked to be locked up, saying he had no employment and was unable to find any. He had no money and walked the streets for several days without anything to eat, except what he could pick up.

He was taken to Harlem Court in

the afternoon and committed to the workhouse for six months by Magistrate Whitman. A prison keeper, hearing he was hungry, gave him a big dinner. Suddenly he fell to the floor dead. Dr. Ginsburg said that it was very likely that the hearty dinner on a stomach deranged by starvation had been the cause of death.

Mrs. Eddy Looks Younger.

Concord (N. H.) Dispatch to New York Times.

Lord Dunmore, who is a leader in the Christian Science Church in England, and who arrived in this country on December 14, received word on Sunday from Mrs. Mary Baker that she would be glad if he would come and see her. He arrived in Concord at noon to-day and spent an hour at Pleasant View.

After his call, Lord Dunmore gave out the following statement:

"I was immediately struck with Mrs. Eddy's personal appearance, and with the activity with which she got out of her carriage unaided and stepped into the hall. When I was ushered into her presence I could not help remarking to her that she was looking so much better and younger than when I saw her last, and during the whole of our interview, which lasted for upward of three-quarters of an hour, I was struck with the remarkable vigor of her mind and the extraordinary memory she displayed for events which had taken place when I first had the privilege of seeing her, about seven years ago. She showed wonderful interest in everything that pertained to the Christian Science movement in Europe, and was most interested to hear how well the lectures were attended and received by the English people."

On leaving Pleasant View, Lord Dunmore, accompanied by the Rev. Irving C. Tomlinson, visited the Christian Science Church in Concord, where he was received by Prof. Herman S. Hering, first reader, who escorted him through the church. After looking around the edifice, which was Mrs. Eddy's gift to the Concord Scientists, he said that he was greatly pleased with its appearance.

MANY MILLIONS ARE STARVING

DEPLORABLE CONDITION IN FAMINE DISTRICT OF CHINA.

Distress Constantly Increasing and Likely to be Even Worse a Month Hence—Large Stretch of Country Hitherto Fertile is Now a Vast Waste—Not Only the Crops Are Utter Failures, but Roads Used as Fuel Also Gone—Pathetic Appeal for Aid

NANKING, China, Dec. 21.—The famine stricken refugees from the Yang Tse Kiang districts are collecting in large numbers outside the cities. About 30,000 of these people are camped in the vicinity of Nanking, and there are some 300,000 near Yangchow, about 40 miles northeast of Nanking. Both these towns are in the Province of Kiangsu. The distress, which is increasing daily, will be much more severe a month from now. Foreign relief societies have been started to supplement the endeavors of the Chinese officials to combat the famine conditions which hitherto have proved inadequate, owing to the lack of funds in the provincial treasury.

WASHINGTON, Dec. 21.—Official advice received here from the prefect of Huaiantu regarding the famine in North Kiangsu, China, confirm the stories of suffering and want among the people of that section. The crops are reported as being almost a total failure in Taoyuen, and it is stated that by the new year this meager supply will be exhausted. The conditions in Antong and Funing townships are still worse, the crops being practically a total failure. The country everywhere is under water, and for a distance of 50 miles the people were compelled to wade through water from knee deep to waist deep, and in some places up to their necks.

An urgent appeal is made to the people of all foreign lands for aid for the stricken people, whom State Department advices already have placed at 1,000,000.

CHICAGO BANK VAULTS EMPTY.

Receiver Finds But a Few Hundred of a Hundred Thousand Dollars in Deposits.

CHICAGO, Dec. 21.—Except for \$325 in cash, utter failure has attended all efforts to find an article of value representing the \$100,000 deposits in the defunct Lincoln Bank, of Morton Park. There are securities to a considerable amount in the vault, but there are declared by Receiver Jennison to be absolutely worthless.

Even the bank property was transferred by President W. J. Atkinson before the failure, and his residence is mortgaged for all it is worth.

Atkinson has not been arrested, but is under surveillance, and will not be permitted to leave his home pending further investigation. His previous business record is set forth by the receiver as follows:

Chicago—Promoted Home Telephone Company, which failed.

Pittsburg—Operated small bank, which failed.

St. Louis—Operated music hall, which failed.

Kansas City—Promoted Jackson Lithia Water Company, which failed.

Baltimore—Promoted People's Telephone Company, which failed.

Chicago—Operated Lincoln Bank, which failed.

BIG OIL WELL NEAR WALLACE

CAME IN WEDNESDAY EVENING ON THE HERBERT FARM AND IS A GOOD PRODUCER.

CLARKSBURG, Dec. 21.—Well No. 3 on the Herbert farm came in Wednesday evening about 8 o'clock and is an excellent producer. This is the third well that has been bored on the Herbert farm and all of them have been paying investments and the company realizing their worth has determined to make a thorough test of the territory.

When it became known that the well was drilled in excitement reigned high in the Short Line town, as everybody was anxious to know the result of the drilling and appeared well pleased with the result. Just how many barrels a day the well will yield has not been determined, but that its yield will be great is assured. The drilling in of this well assures greater developments in the field and more locations will be made at an early date.

Camp Picks Crak Eleven

FAMOUS SPORT WRITER DOPES OUT WHAT HE THINKS WOULD BE AN ALL-STAR ELEVEN.

NEW HAVEN, Conn., Dec. 21.—The crack All-American football eleven, selected by Walter Camp, the foremost football expert in the country, which will be printed in the coming issue of "Collier's Weekly," is as follows:

First eleven — End, Forbes, Yale; tackle, Bigelow, Yale; guard, Burr, Harvard; center, Dunn, Pennsylvania; guard, Thompson, Cornell; tackle, Cooney, Princeton; end, Wister, Princeton; quarterback, Eckersall, Chicago; half back, Mayhew, Brown; half back, Knox, Yale; full back, Veeder, Yale.

Second eleven — End, Dague, Ann Arbor; tackle, Dropper, Pennsylvania; guard, Ziegler, Pennsylvania; center, Hockenberger, Yale; guard, Dillon, Princeton; tackle, Osborn, Harvard; end, Marshall, Minnesota; quarter back, Jones, Yale; half back, Hollenbeck, Pennsylvania; half back, Wendell, Harvard; full back, McCormick, Princeton.

Football experts commented to-day on the fact that Mr. Camp in selecting the first All-American eleven only picked out one Western player, Quarterback Eckersall, Chicago.

Secretary Shaw's "Prosperity Speech."

From the New York Evening Post.

Secretary Shaw's explanation of his "prosperity speech" of last Thursday, at a Washington banquet, is marked by great subtlety. He did not, he replies, give any such advice as "Get down on your knees to-night and pray God to save this country from its prosperity." What he said was, "We who pray should ask God to save us from any increased prosperity; we have all we can stand." Whether there is or is not any difference, economic or theological, between those two pious sentiments, we imagine that many, even of the Secretary's admirers, have already reminded him to speak for himself in such petitions, and not for other people. There are always Jerry Crunchers with an ill-natured objection to people suspected of "praying" for them. The further exposition by Mr. Shaw, that we are "growing more crops than we can harvest, and harvesting more than we can haul to market," would appear to mean a hint, in the nightly petition, that a little adversity be granted us. Public prayers in the churches for bad weather at harvest time, for instance, might carry out the idea effectively.

Close Call

MAN SLEEPS ON B. & O. TRACK, BUT IS SAVED BY AN OFFICER.

WHEELING, Dec. 21.—Helpless from an overdose of alcoholic drinks a man from Moundsville named Robert Davis was found lying on a busy rail of the Baltimore and Ohio railroad track at Benwood by Special B. & O. Officer Buster Altmeyer. The man was stiff from cold and was in imminent danger of being run down by a train at any moment.

Officer Altmeyer took the man to the Benwood city jail, where he was locked up. He regained his senses at an early hour Wednesday afternoon, but was unable to explain very satisfactorily how he happened to be in such a condition. Chief of Police Albert Polley released him last evening upon orders from Mayor Joseph Mahood.

Have They Lost Hughes?

From the New York World.
John Raines, Republican leader of the Senate, had a long talk with Governor-elect Hughes yesterday, but from appearances last night when Mr. Raines returned to Republican headquarters he had been no more successful than Chairman Woodruff and other Republican machine leaders in finding out what the Hughes programme is.

One disconsolate Republican statesman at headquarters expressed what is apparently the common sentiment by saying:

"We've lost the rest of the Republican State ticket. Now it looks as if we had lost Hughes too."

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Shampoo.

Did you ever see any one trying to wash themselves without soap or water? If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

The Building of a Drug Business. Square Dealing.

Why is it that this store deserves and wins your preference? Here is the answer in a nutshell. Because we give you a square deal in everything you buy—because we look at Drug Store keeping from your standpoint. You find that out every time you trade here. We believe in doing things a little better than ordinary, and it is by doing things a little bit better than ordinary that our business building is accomplished. There's a difference between the ordinary and better-than-ordinary store, just as there is a difference between the "cheap" drug store and the "fair priced" drug store. The "cheap" store or the ordinary store is a dangerous store to patronize, especially if it is a drug store. Your doctor knows that, and your doctor also knows that this store is a *bit better than the ordinary drug store*—that it is reliable—that we will sell only drugs and medicines that are pure and fresh, and at the same time we sell everything at a fair price.
